

NOTICE

Notice is hereby given that the City Council of the City of Santaquin will hold a City Council Meeting on Tuesday, June 2, 2020, 275 W Main, at 7:00 pm, room Court Room/Council Chambers (2nd Floor).

All Santaquin City Public Meetings Will Be Held Online Only (Temporary order - while responding to Coronavirus public gathering restrictions):

- **YouTube Live** - All Santaquin City public meetings will be shown live on the **Santaquin City YouTube Channel**, which can be found at:

https://www.youtube.com/channel/UCTzZT_yW2H2Hd-58M2_ddSw

or by searching for Santaquin City Channel on YouTube.

- **Public Comment & Public Hearing Participation** – As with all City Council and Planning Commission Meetings, we will continue to invite the public to provide “Public Comment” (30-minute duration, maximum of 5-minutes per comment). We will also continue to hold Public Hearings, as needed and required on specific issues. We invite the public to provide comment in the following ways:
 - **By Email** – Comments will be accepted by email up to 5:00 P.M. on the date of the meeting. Comments will be read during the meeting and made part of the official record of the city. Comments should be submitted to PublicComment@Santaquin.org
 - **By Telephone** – For those who would like to have their own voice heard during the Public Comment or Public Hearing periods, please submit an email to PublicComment@Santaquin.org providing us your Telephone Number. When it is your turn to speak, a Santaquin City staff member will call you and put you on speakerphone so that you can personally share your comments within the meeting.

AGENDA

1. **ROLL CALL**
2. **PLEDGE OF ALLEGIANCE**
3. **INVOCATION/INSPIRATIONAL THOUGHT**
4. **DECLARATION OF ANY CONFLICT OF INTEREST**
5. **CONSENT AGENDA**
 - a. Minutes:
 1. May 19, 2020 – City Council Work Meeting Minutes
 2. May 19, 2020 – City Council Regular Meeting Minutes
 - b. Bills:
 1. \$198,894.97
6. **PUBLIC FORUM, BID OPENINGS, AWARDS, AND APPOINTMENTS**
 - a. Employee of the Month Award – Jenna Worthen
 - b. Appointment of Recreation, Arts and Parks (RAP) Tax Committee Members
7. **FORMAL PUBLIC HEARING**
8. **BUILDING PERMIT & BUSINESS LICENSE REPORT**
9. **NEW BUSINESS & ADOPTION OF ORDINANCES AND RESOLUTIONS**
 - a. Discussion Regarding the New City Hall Proposal
 - b. Discussion and Possible Action Regarding Proposed Restrictions and Modifications to the Main Street Residential (MSR) Zone for Multi-Family Development
([See Memo from Council Member Montoya](#))
 - c. Discussion and Possible Action Regarding Mehlhoff Property Rezone
10. **REPORTS OF OFFICERS, STAFF, BOARDS, AND COMMITTEES**
 - a. City Manager Benjamin Reeves
 - b. Assistant City Manager Norman Beagley
 - c. Community Development Director Jason Bond
11. **REPORTS BY MAYOR AND COUNCIL MEMBERS**
 - a. Council Members
 - b. Mayor Hunsaker

12. EXECUTIVE SESSION (May be called to discuss the character, professional competence, or physical or mental health of an individual)

13. EXECUTIVE SESSION (May be called to discuss the pending or reasonably imminent litigation, and/or purchase, exchange, or lease of real property)

14. ADJOURNMENT

If you are planning to attend this Public Meeting and, due to a disability, need assistance in understanding or participating in the meeting, please notify the City ten or more hours in advance and we will, within reason, provide what assistance may be required.

CERTIFICATE OF MAILING/POSTING

The undersigned duly appointed City Recorder for the municipality of Santaquin City hereby certifies that a copy of the foregoing Notice and Agenda was e-mailed to the Payson Chronicle, Payson, UT, 84651, posted on www.santaquin.org, as well as posted on the State of Utah's Public Website.

BY: _____
K. Aaron Shirley, City Recorder

TUESDAY, JUNE 6, 2020
CITY COUNCIL MEETING MINUTES

The meeting was called to order by Mayor Kirk Hunsaker at 7:00 p.m.

Council Members Attending: Mayor Kirk Hunsaker, Council Member Nicholas Miller, Council Member Betsy Montoya, Council Member Lynn Mecham, Council Member David Hathaway, Council Member Jennifer Bowman

Other's Attending: City Manager Benjamin Reeves, Assistant City Manager Norm Beagley, Community Development Director Jason Bond, Legal Counsel Brett Rich

PLEDGE OF ALLEGIANCE

Led by Council Member Miller.

INVOCATION/INSPIRATIONAL THOUGHT

Jason Bond offered an invocation.

Mayor Hunsaker gave a public report on COVID-19 and recommended that all residents of Santaquin abide by the guidelines given by the state of Utah for code yellow.

CONSENT AGENDA

Minutes:

May 19, 2020 – City Council Meeting Minutes
May 19, 2020 – City Council Work Meeting Minutes

Bills: \$198,894.97

Other:

Motion: Council Member Miller motioned to approve the consent agenda.

Council Member Hathaway seconded the motion.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

PUBLIC FORUM, AWARDS, & APPOINTMENTS

Employee of the Month Award – Jenna Worthen

Penny Reeves presented the Employee of the Month award to Jenna Worthen and read the following:

“Jenna Worthen is Santaquin City’s June 2020 Employee of the Month. She is our Police Department’s Administrative Assistant. Jenna has been with the city for about six years. She started working with the city as a part-time recreation clerk but transferred to the police department after a short period of time and then was promoted into a full-time position. When asked, Jenna explains that she loves being in the police department because it feels like being with family. All the officers and staff in the department have each other’s backs and treat one another with respect. She also enjoys the daily challenge of the job.

Jenna’s position is centralized to the department and she is fantastic at keeping things organized and running smoothly. She acts as the liaison between the police department and the public, attorneys, state and federal agencies, and other city departments.

Chief Hurst shares, “Jen is not a just a spoke in the wheel but the actual hub that keeps the wheel moving forward. Her work ethic and skill set attract a lot of professional attention from other agencies and other city departments. Despite more lucrative offers, Jen has chosen to remain loyal to the police department. On a personal level, she is the type of woman you hope your daughters grow up to be like and the kind of woman you hope your son would marry.”

Jenna and her husband Carter have lived in Santaquin for the past four years. She grew up in Spokane, Washington, lived in Brazil for 18 months while serving a mission, then met and married her husband at BYU. They have one sweet little boy.

Thanks for being such a great employee for Santaquin City Jenna!”

Jenna said she felt privileged to work in the city and thanked the Council for their hours of service.

A photo was taken with the Mayor.

Appointment of Recreation, Arts, and Parks (RAP) Tax Committee Members

Mayor Hunsaker presented his appointments to the Council for consideration to the RAP Tax Committee including Sara Olson, Sarah Jorgensen, Bob Condor, Chad Sperry, Jessica Tolman, Nick Miller, and John Bradley.

Motion: Council Member Bowman gave a motion of confidence for the Mayor's appointments to the RAP Tax Committee.

Council Member Mecham seconded the motion.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

Comment:

Esteemed Council Members,

I would like to express my agreement in the recommendation of Mr. Gunnell, Mrs. Tolman, and Mr. Adcock from the Planning Commission in regards to the proposal to rezone approximately 36 acres of Commercially zoned land to Residential land. Moving this 35 acres of C-1 zoned land to Residential would be a mistake for the City at this time.

While the proposed development is a very effective step in the right direction of residential development within the City, as opposed to the recent push for an excessive amount of high-density housing, most would prefer this proposal have 50% or more of the units as single family homes, not just 25%, but it is a step in the right direction. However, as the aforementioned commissioners have explained, the location of this development is not the most effective location, so I don't need to reiterate their logic.

I have taken the time to review the Zoning Map from February 2019 that is posted on the City website. While analyzing that map I compared the lots in the C-1 zones to the Utah County Parcel Map. I found, as was noted in a City Council meeting last month, that we have about 222 acres of C-1 zoned land. Of that land, I found that about 139 acres of that has not been developed. (It was stated in that meeting that 178.45 acres were vacant, I am not 100% certain where our methodology differs, but I'm guessing it's because I considered the land that houses Macey's as developed considering development for that land has been planned, and I thought approved.)

If developers in the future decide to follow suit with this developer, that is, committing to develop 53 acres of C-1 land, but only if they can convert 67% of that land to Residential. That would cut our 139

vacant C-1 land to only 46 acres - or the 178.45 acres to 58.9 acres. We cannot cut into our C-1 land and lose the opportunity of the commerce we desperately need to grow our infrastructure and community as a whole. We are giving up too much if this land is rezoned. Why don't we work with the developer to find 50+ acres of currently zoned Residential land to convert 17 acres of that to C-1, so the development can still go in, just in a more appropriate location?

An unofficial straw poll posted on a Santaquin Facebook page has shown that 350 people do not approve of this rezone, while only 3 approved. City Council members have been elected to represent the voice of the people. We trust you will listen to us and consider our opinions over that of any given developer. If your opinion, and actions, contradict the residents' opinion, you should have a strong enough argument to win us over to your side. If you can't win us over, you have an obligation to side with the People, regardless of your personal opinion. Thank you for your time.

Thank you

Name(s):

Todd Rowley

Comment:

Dear Santaquin City Council Member,

As you know, our farm, Rowley's South Ridge Farms, Inc. has submitted two letters of protest with reference to changing the Trent Mehlhoff property from commercial zoning to an R-10 residential zone (please reference our previous letters).

We would like to make some further observations and comments with reference to this zoning change. Mr. Mehlhoff referenced a decline in the orchards in Orem several years ago. We happened to grow up in Orem and were an active observer of orchard conditions during this time when Orem was under a great deal of growth. We were fruit growers in Orem. Growth did come and surround our farm. It wasn't the lure of money that hastened the departure of the orchards as much as it was the unending trouble and complaints from the new neighbors. There were the complaints of noise, dust, water, fruit flies, and pesticides. People also felt like the orchards were a free roaming park which created damage to irrigation systems, loss of product, vandalism, and other liability issues. Too much population in close proximity to farming operations can and often does lead to dissatisfaction between farms and neighbors. Without a buffer between farms and homes soon the homeowners become the voice of many vs. the voice of one farm and the odds are not in the farm's favor. The people then drive the farms away.

Trent Mehlhoff mentioned within 3 to 4 years after he developed his property that the Rowley's will no longer be here. The Rowley farm would be gone. We don't want to leave or be pushed out. It is our intention to continue farming in Santaquin and running our Red Barn store.

The zoning on the Trent Mehlhoff property is commercial zoning. The city of Santaquin many years ago **proactively** placed commercial zoning near the farms in an effort to maintain that needed buffer between farms and homes in hopes of keeping agriculture alive in our community. The past owners of these properties were a part of the making of these commercial zones. We welcome Mr. Mehlhoff and his business here, but we don't see the need of creating a residential portion in Santaquin's needed commercial zone.

Let's not be **reactive** to developers that want fast action so they can make fast money. Being reactive always brings negative consequences as we have seen in a few other parts of our community. We, not only as property owners but also as Santaquin citizens, love and care about this community. We have to live with what developers, that do not live here, build. We feel that when development is planned for and zoned for, it has a greater chance to better the community. When development is not in the plan, many times it turns out not-so-great. The only recourse available is to use zoning to protect planning. We oppose reactive change to this zone. **Proactive** planning brings positive thinking. If Santaquin City cannot make time now to positively look at the general plan as a whole then we feel they shouldn't make reactive choices that bring reactive actions, but stick to the current general plan that was proactively put together for the benefit of our community.

The location of this property benefits from its ability to attract commercial businesses with its location and close proximity to a freeway exit and a light rail station in the future. Why not let it stand as a commercial zone and help develop the vision of the 242 exit? Why not encourage this area to become a showcase for our community? Why not let imagination and creativity prevail to genuinely accentuate business growth? Why not let the commercial zone reflect the vision of former councils and citizens?

I would hope that you would not just seek "rooftops", but meaningful commercial growth in this area designated for that purpose. If you allow for a zone change to R-10 residential the opportunity for something special with reference to creating a viable tax base contributing commercial zone could be gone forever! If this zone change goes through and the property is not developed right away, the zone change stands and future growth is tied to that zone change.

Please do not allow this zone change.

Thank you.

Comment:

Dear Mayor Hunsaker and City Council Members,

Even though a citizen-driven petition to invite the public to vote on commitment to a \$7.1 million bond was prevented due to a technicality, I feel that the concerns prompting such an effort still exist. For this reason, I would like to make a public comment. Please note that although I did intend to sign the petition, I do recognize the need to find appropriate solutions for a new city hall and a senior/veteran facility. That was not the issue.

The issue is the fact that in the past few years, city officials have sent so many mixed messages that the trust and support you desire have eroded to nothing. With the new urgency surrounding the dire need for a new city hall and associated facilities, our minds are spinning. Less than a year ago, the push was for an expansive and prohibitively expensive recreation center. A few years back, the crisis was for funding to improve roads. As each of these topics fade, a new dire need seems to arise. We are alternately advised of the imminent budget catastrophe that awaits us and then expected to applaud the budget surplus and farsighted planning. Just two weeks ago, the City Council approved a \$135,000 commitment to purchase a clock tower. In the middle of severe economic uncertainty projected by some financial experts to extend into the next decade, this may appear to many citizens as a symbolic expression of a callous disregard for the realities they face.

My question is: If the city hall has been the foremost dire need, recognized as long ago as 2013, why has the city not approached solving the problem in an open manner, by surveying citizens and proposing a range of solutions and associated costs and methods of financing each solution? For example, are possible approaches to filling the need for a city hall being considered in conjunction with ideas to preserve--perhaps even only a facade--of the museum? The museum rests on a large piece of property already owned by the city. Can we realistically expect to come up with a well thought out approach to fulfill the need for city facilities without having updated the city's general plan?

Many residents also wonder how a recreation center--expected to incur an annual deficit--rose to the top of city priorities, especially without emphasizing costs early in the project? Can you blame citizens for being wary of future planning after seeing the city expend huge sums to promote a project that would ultimately be defeated by a 3 to 1 margin?

City officials appear woefully out of touch with their constituents and for that reason, I personally have no confidence that my input--or that of any of my fellow citizens--will be appropriately considered during the planning of the new facilities. Rather than developing resident support prior to approving the bond, the city has acted irresponsibly to further its agenda, clearly messaging that city officials think they know what is best and citizens do not. The perception of many citizens is that their concerns are not weighted sufficiently because the interests and proposals of developers seem inordinately persuasive to city officials. How do we as citizens ensure that our input is valued appropriately?

Thank you for your service to our city, and for publicly stating your position on this topic.

Chelsea Rowley

Comment:

Expressed her concern with the Melhoff rezone and against the high-density that has taken over Main Street and doesn't want the same thing to happen to the 242 vision. There is a difference between affordable and profitable and the city needs to realize that it can't reap what it sows instantly and pleaded for the Council to give the area time to develop commercially. The city needs a heart and she supports the new city hall bond but she wants the commercial base to grow to help pay for the bond.

Comment:

Stated she agreed with Chelsea Rowley 100%.

PUBLIC HEARING

Public Hearing Regarding Inter-Fund Transfers in the FY2020-2021 Budget

The Council motioned and approved going into the Public Hearing portion of the meeting.

City Manager Reeves gave a presentation on the budget process and the adjustments needed by COVID-19 which included the conservative budgeting approach taken this year which was to reduce base projections and allow for 5%, 10%, and 15% restoration plans if revenues come in. Reeves highlighted the projections affected by COVID-19 and emphasized that Santaquin would still have a growth of 5.4% in sales taxes because of the smaller commercial base and the incoming of a grocery store. City priorities include 1) maintaining debt payments, 2) taking care of existing employees, 3) maintain current service levels, 4) postpone purchases, and 5) leveraging available inter-governmental and grant funding available.

Reeves presented the revenues, expenditures, and fund budgets for the public's consideration.

Motion: Council Member Miller motioned to open the public hearing on the FY2020-2021 Fiscal Year Budget for Santaquin City and its three sub-organizations; Santaquin Community Development Agency Board, Santaquin Local Building Authority, and Santaquin Water District.

Motion was seconded by Council Member Hathaway.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

No one was present to comment at the public hearing.

Motion: Council Member Miller motioned to close the public hearing on the FY2020-2021 Fiscal Year Budget for Santaquin City and its three sub-organizations; Santaquin Community Development Agency Board, Santaquin Local Building Authority, and Santaquin Water District.

Motion was seconded by Council Member Hathaway.

Roll Call:

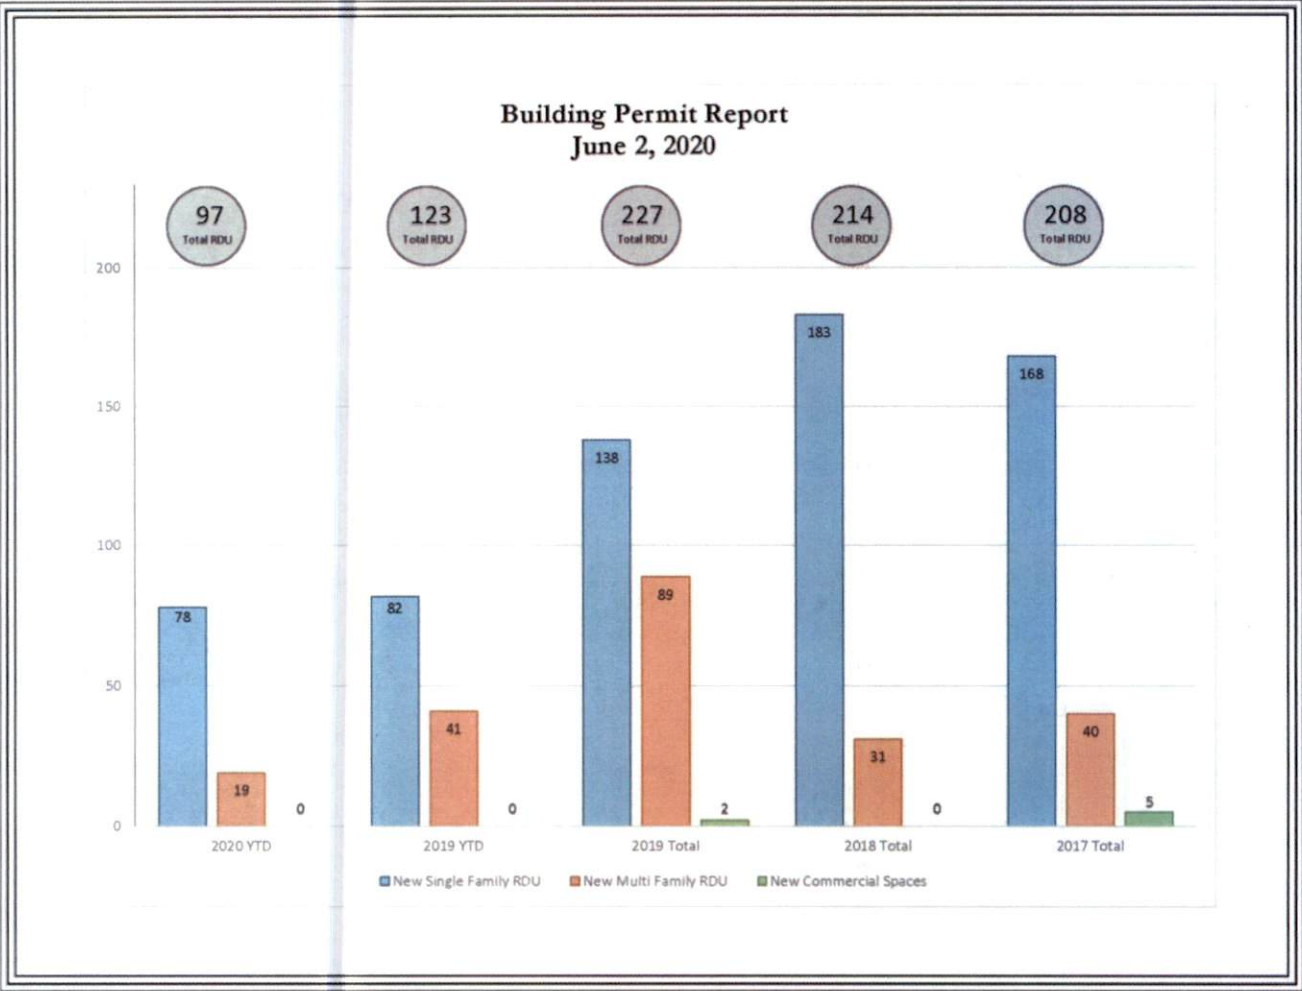

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye

NEW BUSINESS & ADOPTION OF ORDINANCES AND RESOLUTIONS

Discussion Regarding the New City Hall Proposal

City Manager Reeves introduced the issue and said that this issue has been critical though not vocalized as much to the public because of the other facility priorities that to this day still have not been met. Showing the budget retreat vote, Reeves showed how a new city hall was voted by both the Council and Staff as the most important project in the upcoming fiscal year with almost double amount of points and votes than the next projected.

Reeves gave his proposal of his plan of how to get the public involved in the city hall process and asked for their input on how they would like to proceed.

Council Member Bowman said she approved of the plan. Council Member Miller asked how in-depth the location discussion would get and Assistant City Manager Beagley said that he would give as much information as they had during the initial budget retreat with estimates on infrastructure and costs.

Council Member Hathaway said that he felt like the feedback he's got is that there is a large amount of mistrust after the last election and the sooner the better to get the information out and the public

involved. Council Member Miller said that he feels the city is doing the best they can without the resources of a full-time public relations or social media officer.

Council Member Hathaway reiterated his point and said that he felt if this issue had gone to referendum then the mistrust in the public gives him doubt that it would've passed. City Manager Reeves explained that he understands the perception but a city hall has been talked about in budgets dating back to fiscal year 2012 and in the General Plans.

Chelsea Rowley said she would like an explanation for the citizens on why the \$7.1M price tag and maybe the sticker shock could wear off after that. Council Member Miller said that would be included in the next meetings explanation of the costs associated with the possible locations.

Discussion and Possible Action Regarding Proposed Restrictions and Modifications to the Main Street Residential (MSR) Zone for Multi-Family Development

Council Member Montoya read a letter she had drafted in memo format to the Council in regards to a moratorium on high density housing in the MSR zone.

Motion: Council Member Montoya motioned to respectfully request that the Santaquin City Planning Commission consider these modifications to the MSR zone (as outlined below) during an upcoming meeting, hold a public hearing on the matter, and provide the City Council their recommendation after considering the aforementioned request.

1. That multi-family housing be removed as a permitted use in the MSR zone on any parcel 1-acre in size or smaller; and
2. That the development of flag lots be removed as a permitted use in the MSR zone; and
3. That Accessory Dwelling Units (ADUs) be added as a permitted use within the MSR zone, when built on the same lot as a single family home and meeting all requirements for safety, fire code and setbacks and requiring a building permit from the city.

Council Member Miller seconded the motion.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

Discussion and Possible Action Regarding Mehlhoff Property Rezone

City Manager Reeves explained that under the Mayor's direction staff had talked with Mr. Mehlhoff about putting in a commercial proposal and discussing how the city can help alleviate "barriers to entry" for his business. Council Member Montoya agreed and asked staff to look closely at what the city can do to encourage more businesses to locate in Santaquin and remove possible barriers to entry. They also spoke with and recommended Mr. Dester to wait for the results of the General Plan and invited him to consider other areas of town for his development.

Motion: Council Member Miller motioned to deny the request to rezone the Mehlhoff Property (34 acres) from Commercial to Residential.

Council Member Hathaway seconded the motion.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

REPORTS OF OFFICERS, STAFF, BOARDS, AND COMMITTEES

City Manager Reeves –

- Finally got the light up at the intersection of Summit Ridge Parkway and Main Street which was on backorder for more than six months due to supply chain disruptions related to COVID-19.
- The westbound turn lane for Summit Ridge Parkway will be remedied shortly as it is too long currently and invites excessive speeds in the turn lane.
- Hoping to keep Orchard Days on track for the end of July and there are modified plans for COVID-19 as well.

Assistant City Manager Beagley –

- Maceys Grocery Store improvements are coming along and expected to be finished soon as the opening date is within the month.
- The eastside frontage road is underway currently.
- No update on the shooting range on DNR property.

Community Development Director Bond –

- The designs for the plaza outside the Maceys shopping center is getting finalized and will be put in soon. This is exciting because there is a lot of economic development that is anticipated for the area.
- Reminded the Council of a 242 initiative discussion with stakeholders on the 5th Tuesday work meeting this month.

REPORTS BY MAYOR AND COUNCIL MEMBERS

Mayor Hunsaker –

- Wanted to see if there could be something done to change policy for veteran's portion of the cemetery to get more plots available to a single veteran.
- Wants to get David Church from the Utah League of Cities and Towns to speak to Council for training.

Council Member Miller –

- Invites residents to ask questions and reach out personally to Council Members.
- Police Department made a conditional offer for a part time clerk.
- There is a Santaquin virtual walk-a-thon and he invites everyone to participate.
- John Bradley has some proposals for the RAP tax money.

Council Member Montoya –

- Met with Amy Johnson the Community Services Event Coordinator to discuss Orchard Days to make sure that there are different plans ready for different situations with COVID-19 they might encounter come late July.
- Complaints of motorcycles going on the dirt roads around 900 East.
- Thanked the Mayor and Council for their support for her initiative and for staff for their work.

Council Member Mecham –

- Reached out to Jason Callaway of Public Works and wanted to report they're doing well.

Council Member Hathaway –

- Last time he was on the Council they had the same discussion about bringing businesses to Santaquin and he wanted to make sure that the city had looked at potential "barriers to entry" for businesses.

Council Member Bowman –

- Met with Museum Board and she got a tour of the Museum and was grateful for all of their efforts and is excited for the summer night at the museum event and invited everyone to support it.
- Has some ideas for the Beautification Board and she will share those ideas via email.

ADJOURNMENT

At 9:09 p.m. Council Member Miller moved to adjourn.

Council Member Bowman seconded the motion.

The vote was as follows:

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

Attest:

Kirk F. Hunsaker, Mayor

K. Aaron Shirley, City Recorder

The work meeting was called to order by Mayor Kirk Hunsaker at 5:00 p.m.

Council Members Attending: Mayor Kirk Hunsaker, Council Member Nicholas Miller, Council Member Betsy Montoya, Council Member Lynn Mecham, Council Member David Hathaway

Other's Attending: City Manager Benjamin Reeves, Assistant City Manager Norm Beagley, Community Development Director Jason Bond, City Attorney Brett Rich, Summit Creek Irrigation Board

DISCUSSION ITEMS

Water Wielding

City Manager Reeves defined water wielding and talked about the benefits it would bring to the shareholders. Summit Creek Irrigation Board President Phil Rowley asked about how many shareholders are interested in water wielding and another board member responded about 43 interested shareholders in wielding only a couple of shares for easier access to their water.

The Council shared their concerns that the 1) city is not currently using all the water and there is concern on storage capacity of more water in the system that would not be used and 2) the city would lose revenue from those users without an equal revenue to offset the loss.

The board proposed that Summit Creek Irrigation System could do a study on wielding but the reason why the list of shareholders has not been given to the city is because there is concern of solicitation and disbursement of the shareholder's information. City Manager Reeves said that for this program to be run through the city they would need to know the technical specs of current irrigation systems set in place from interested water wielders, otherwise there would not be a way for the city to set up such a system.

Phil Rowley suggested that there are two use cases for wielding 1) lot users and 2) agricultural users and that a study needs to be done to understand the feasibility of wielding for those users before a decision could be made. Tod Rowley said that a joint wielding committee with representative from both parties could be formed to look at those who wish to water wield on a case by case basis for feasibility as well as establish guidelines and criteria for water wielding. The Council agreed that was a good idea.

Ways to improve safety around Summit Creek Irrigation infrastructure were discussed.

Tod Rowley said that they should start working on putting the joint water wielding committee and Mayor Hunsaker suggested that both sides submit names for consideration.

Other

ADJOURNMENT

Mayor Hunsaker adjourned the meeting at 6:38 p.m.

Kirk F. Hunsaker, Mayor

K. Aaron Shirley, City Recorder

The meeting was called to order by Mayor Kirk Hunsaker at 7:00 p.m.

PUBLIC FORUM, AWARDS, & APPOINTMENTS

Public Forum

Name(s):

Jeffrey Siddoway

Comment:

Esteemed City Council,

While I understand and can appreciate the need for the City Admin offices to be separate from the Public Safety facility, I question the need for \$7.1 million dollars to do so. In this time of economic uncertainty, is increasing the City's debt by \$7.1 million dollars really needed?

The memo posted by Mr. Reeves states that the interest rate would be between 1% and 2%. Calculating a 20-year mortgage payment for \$7.1 million at 1.5% - I split the difference - gives the City an annual loan payment of about \$411,000. The 2020-21 budget posted on the City website shows a projected Sales Tax revenue amount of \$1,593,651, which is only an approximate increase of \$86,000 from the previous year. I would hope that when writing this budget proposal, you did consider Macy's in your projection for the Sales Tax revenue, for if you didn't, we need someone with a better vision to write this budget.

This bond will potentially increase our City costs by \$411,000 while we're only estimating an increase of about \$86,000 from the revenue pool used to pay that debt. What will we, as a City, be giving up to gain this building?

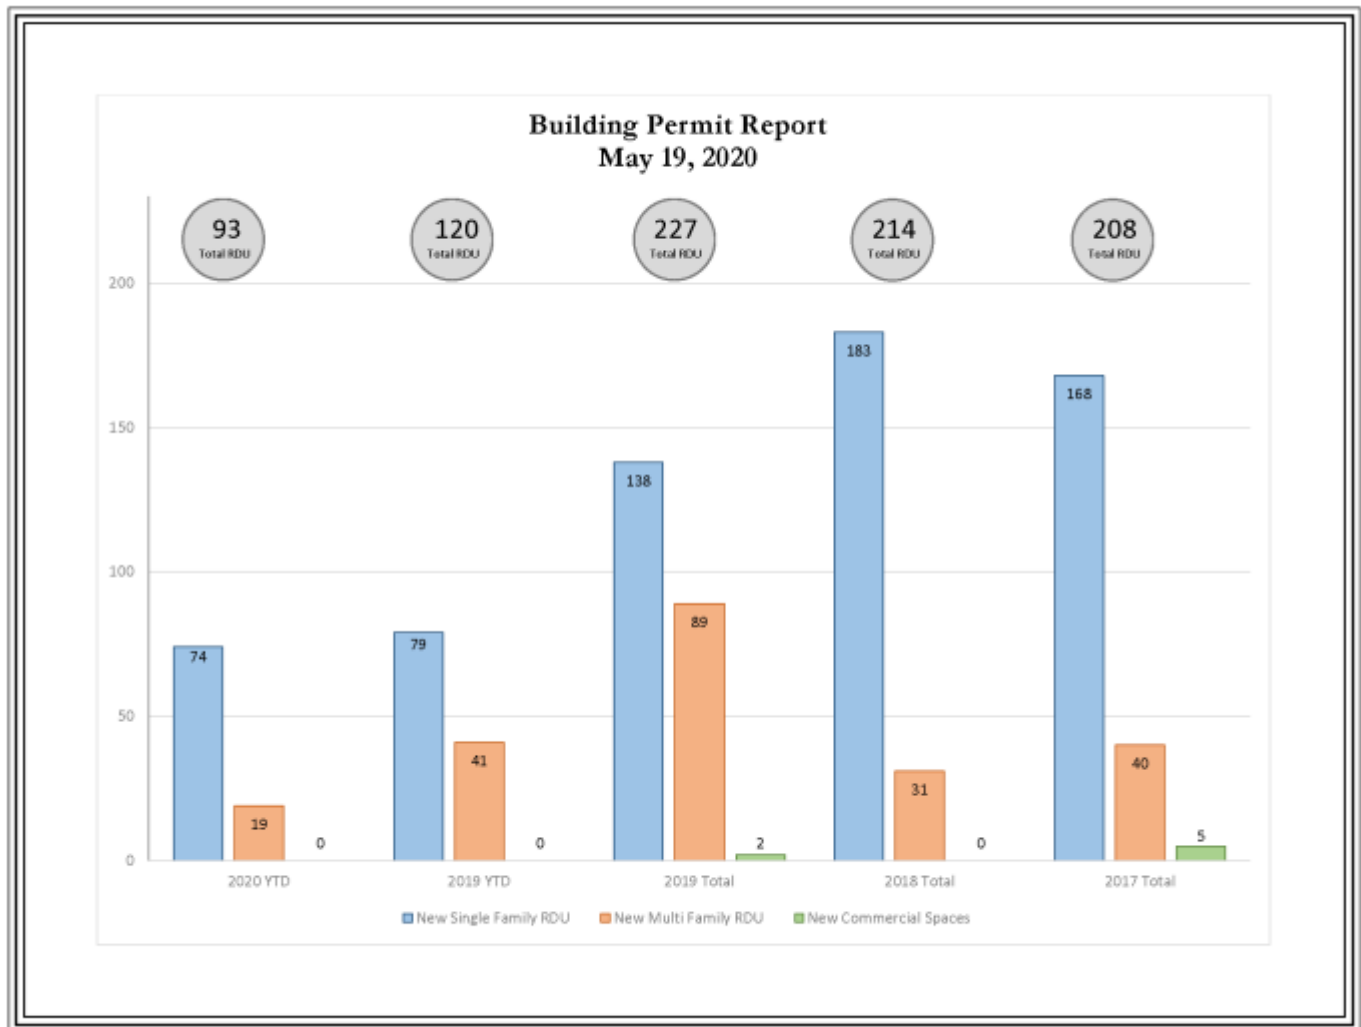

It was mentioned last year that the City could lease some office space from the commercial buildings that will be going up by Macy's. Wouldn't that be a more reasonable course of action during an economic recession? This COVID-19 pandemic has taught us that we don't need a large fancy auditorium for City Council meetings, just more professional video and audio equipment to properly stream and then post the meetings on YouTube. Now is not the time for more debt, but out of the box problem solving.

Thank you.

BUILDING PERMIT & BUSINESS LICENSE REPORT

Community Development Director Jason Bond reported:

Currently we have 74 new single family dwelling units and 19 new multi-family dwelling units for a total of 93 new units so far this year.

There are three new business licenses.

NEW BUSINESS & ADOPTION OF ORDINANCES AND RESOLUTIONS

Discussion and Possible Action Regarding Multi-Family Development Considerations, Commercial Development Considerations and Effective Planning in Preparation for a General Plan Update.

City Manager Reeves explained that the General Plan update was a priority for the Council and to get the Council in the right mindset for development considerations he showed a presentation given by Joe Minicozzi to the Utah League of Cities & Towns.

The presentation showed the return on investment for a suburban sprawl versus an urban downtown where local business and mixed use buildings produce more value and revenue per acre for the community than single-family development. Cities need economic engines to subsidize the suburban areas because suburban communities don't pay their fair share in terms of infrastructure improvements.

Michelle Sperry from the Planning Commission spoke and wanted to say that the presentation really changed her perspective on what the Council did with the grocery store and she wanted to thank them for their actions. Sperry said she wants to make sure the city gets on the right track so that 20 years from now we can reap those benefits of increased value brought to the community.

Community Development Director Bond said that the presentation isn't to say that suburban and rural living is bad in any way but just to point out that in a city like Santaquin that kind of living is subsidized in costs and there needs to be an economic engine that pays for that. This is to say there needs to be an ideal balance of commercial, single-family, and high-density found that will maximize the property values per acre to offset the costs of corresponding infrastructure costs and maintenance.

Council Member Hathaway voiced his concern that while this presentation was great, City Councils change and the general plan is redone every five years so what they decide now may not matter in a few years' time. Hathaway also said that recent city decisions have encroached on the agricultural values of the community and he felt that this didn't match with what he believed the Council's intent should be. City Manager Reeves responded by saying that he understood the feelings that Council Member Hathaway has about the city in that they concede too much to developers but what he sees as "selling out" is bringing value to the city that offsets the negative and the city can always "sellout" or wait out for something better and that is always a decision up to the Council.

Council Member Miller said that repeatedly what businesses say they need to come to Santaquin is 1) more rooftops and 2) more infrastructure both of which are brought in by development which understandable brings growing pains for the city.

Resolution 05-01-2020 “Consideration for Adoption of a Resolution of the City Council of Santaquin City, Utah, Authorizing the Issuance and Sale of Not More than \$7,100,000 Aggregate Principal Amount of Sales Tax Revenue Bonds, Series 2020; and Related Matters.”

City Manager Reeves explained the need for a new city hall with the following:

Benefits:

- Expansion Space for Public Safety – By relocating the Administration & Utility Billing Department, Community Development Department and City Council Chamber out of the Public Safety Building, the expansion space needed for the Police, Fire, EMS and Emergency Management Departments will be restored.
- Senior Citizens & Veterans Area – Construction of a New City Hall will incorporate multi-use space sufficiently large enough for gatherings which can be utilized for the Senior Citizen lunches and programming. Dedicated space will also provide storage for our Veteran's and Senior's equipment and supplies. The current facility for Santaquin's Seniors and Veterans is unsafe, unhealthy and expensive to operate.
- Community Gathering Place – Beyond city events such as town hall meetings, community education, and community programming, large gathering spaces will be available for rent by the public for weddings and other private events.

Why Now? (Considering COVID-19)

- Immediate Space Needed – Need for office & gathering space identified since FY2013-14 Budget
- Interest Rates Historic Lows – 1-2% interest rates available in the private market
- CARES & HEROS Act – Prepares for potential matching requirements for federal grant funding
- Shovel Ready Project – Construction of municipal projects stimulates the local economy

Project Location:

Santaquin City has considered eight possible project locations. All but two or three of the possible location sites have been eliminated. In the weeks and months ahead, the benefits and drawbacks of each location will be considered by the City Council during open public meetings. The public is invited to participate. Some of the items that will be considered when determining a location include:

- Ease of Access and Centrally Located
- Impacts on Commercial & Residential Neighborhoods
- Economic Development Impact
- Accessibility to Utilities and/or Benefits of Installing Regional Utilities, Etc.

Financing:

As proposed, this project will be funded by a [SALES TAX Bond](#) using the growth of past, current and future sales tax proceeds within our community. By keeping “[Local Dollars Local](#)” Santaquin City residents help the local economy rather than help the economies of our neighboring cities. These are dollars that our residents already spend. [This bond Does Not Raise Property Taxes or Fees.](#)

It is the intent of this project to pay only what we can afford now and allow for slow expansion of the facility on a “[Pay As You Go](#)” fiscally responsible manner. It is also the intent of the city to put itself into a position to have financial resources available should “[Local Matching Funds](#)” be needed for federal

grant opportunities in the form of grants or low interest or zero interest federal loans.

Public Involvement:

The adoption of this resolution starts a public process. The public will also be invited to participate in a Public Hearing prior to the City Council's final approval or purchase of a bond. The public is also invited to participate with the City Council as they consider the merits of each construction option and location.

In short, the resolution before the City Council is a preparatory step needed to enable maximum flexibility to address this city need in a manner that secures the most advantageous financial path forward. Whether the city proceeds with current knowledge and historically low interest rates or whether new information becomes available in the days and weeks ahead (*e.g. federal stimulus grants*), the city will be well positioned to meet this building space need.

Motion: Council Member Montoya motioned to adopt Resolution 05-01-2020 "Consideration for Adoption of a Resolution of the City Council of Santaquin City, Utah, Authorizing the Issuance and Sale of Not More than \$7,100,000 Aggregate Principal Amount of Sales Tax Revenue Bonds, Series 2020; and Related Matters."

Council Member Mecham seconded the motion.

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

Discussion and Possible Action Regarding the FY2020-21 and FY 2019-20 Budgets

The Council had no questions or suggestions for the budget.

REPORTS OF OFFICERS, STAFF, BOARDS, AND COMMITTEES

City Manager Reeves –

- Nothing to report.

Assistant City Manager Beagley –

- Council Member Hathaway asked if the city is saving enough money to pay for the infrastructure for Central Utah Water to come to Santaquin. Assistant City Manager Beagley said that the city was setting aside funds to pay for Central Utah Water and City Manager Reeves added that former Council Member Keith Broadhead was instrumental in bringing that reserve fund to the city.
- Mayor Hunsaker asked if the landscaping would be done by the time the grocery store opened and Beagley affirmed that was correct.

Community Development Director Bond –

- There will be no Planning Commission in the coming week due to the Memorial Day Holiday.

REPORTS BY MAYOR AND COUNCIL MEMBERS

Mayor Hunsaker –

- Utah County is willing to share some of the stimulus funds and receipts are not required just amounts and justifications for those amounts.

Council Member Miller –

- Police Department is interviewing for a part-time clerk and still looking for a candidate for another full-time officer.
- Baseball, softball, and tee-ball are all moving forward with appropriate physical distancing measures for parents and such.

Council Member Montoya –

- Excited about the grocery store after taking a tour.
- Had a good discussion with the Planning Commission in their last meeting.

Council Member Meham –

- Wants to encourage community members to support local businesses when possible.

Council Member Hathaway –

- Had a conversation with Judy Robbins from the Senior Center and she was concerned that the heating in the building was not working and that needed to be addressed before reopening in the fall. City Manager Reeves was aware of the issue, there were two furnaces with issues and they replaced one recently and the second recently went out and that will take about \$6,000 to replace and is needed to properly heat the building.

Council Member Bowman –

- Nothing to report.

ADJOURNMENT

At 9:45 p.m. Council Member Miller moved to adjourn.

Council Member Montoya seconded the motion.

The vote was as follows:

Roll Call:

Council Member Miller	Aye
Council Member Montoya	Aye
Council Member Mecham	Aye
Council Member Hathaway	Aye
Council Member Bowman	Aye

The motion passed 5-0

Attest:

Kirk F. Hunsaker, Mayor

K. Aaron Shirley, City Recorder

Santaquin City Budget

2020-2021

Budget Schedule

Two Budget Approaches

Maintain Projections

Cut if funding is not received

1. 5% Reduction Plan
2. 10% Reduction Plan
3. 15% Reduction Plan

Reduce Base Projections

Restore when funding is available

1. 5% Restoration Plan
2. 10% Restoration Plan
3. 15% Restoration Plan

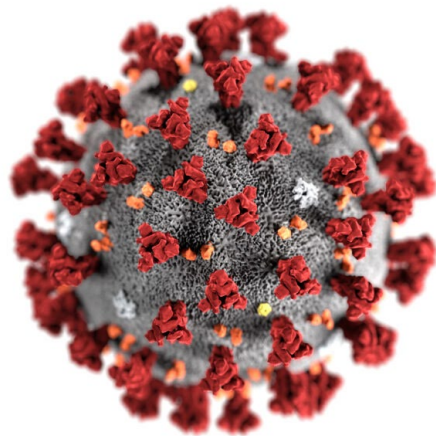

Conservative Approach

Initial Projections

- 22% Growth Rate in Sales Taxes
- 300-500 Growth Rate in Homes
- 800 Growth Rate in Platted Lots
- 8% Growth Rate in Property Taxes

Revised Projections

- 5.4%* Growth Rate in Sales Taxes
- 150 Growth Rate in Homes
- 250 Growth Rate in Platted Lots
- 8%** Growth Rate in Property Taxes

** Grocery store increases will offset statewide sales tax decline netting an overall increase of 5.4% estimated*

*** Growth Rate in Property Taxes has a 12 month delay. 8% is based upon last year's growth and is not reflective of this year's commercial (grocery store) and residential (this years home construction) growth.*

Prioritization

1. Maintain Debt Payment
2. Take Care of Existing Employees
 - a. Maintain Benefits
 - b. Maintain COLA
 - c. Hold New Hires/New Positions
 - d. Hold Merit Increases
 - e. Hold Travel/Conferences
3. Maintain Current Service Levels
 - a. Hold Service Enhancements

4. Postpone Purchases (where possible)
 - a. Vehicles
 - b. Equipment
5. Prioritize Project Funding
 - a. Leverage Grant Funding (match)
 - b. Dedicated Funding Sources
 - c. Prioritize Remaining Available Funds
 - d. Postpone Remainder

Review of Affected Projects

Key

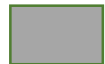

Funded/Included

Time Only Project

On Hold

Completed

Santaquin City - Potential Projects/Initiatives

2020-2021 Fiscal Year

Preserving our agricultural heritage while developing a clean, fun, family oriented community through well-planned growth and fiscal responsibility

Recommended Motion:

“Motion to open the public hearing on the FY2020-2021 Fiscal Year Budget for Santaquin City and its three sub-organizations; Santaquin Community Development Agency Board, Santaquin Local Building Authority, and Santaquin Water District”

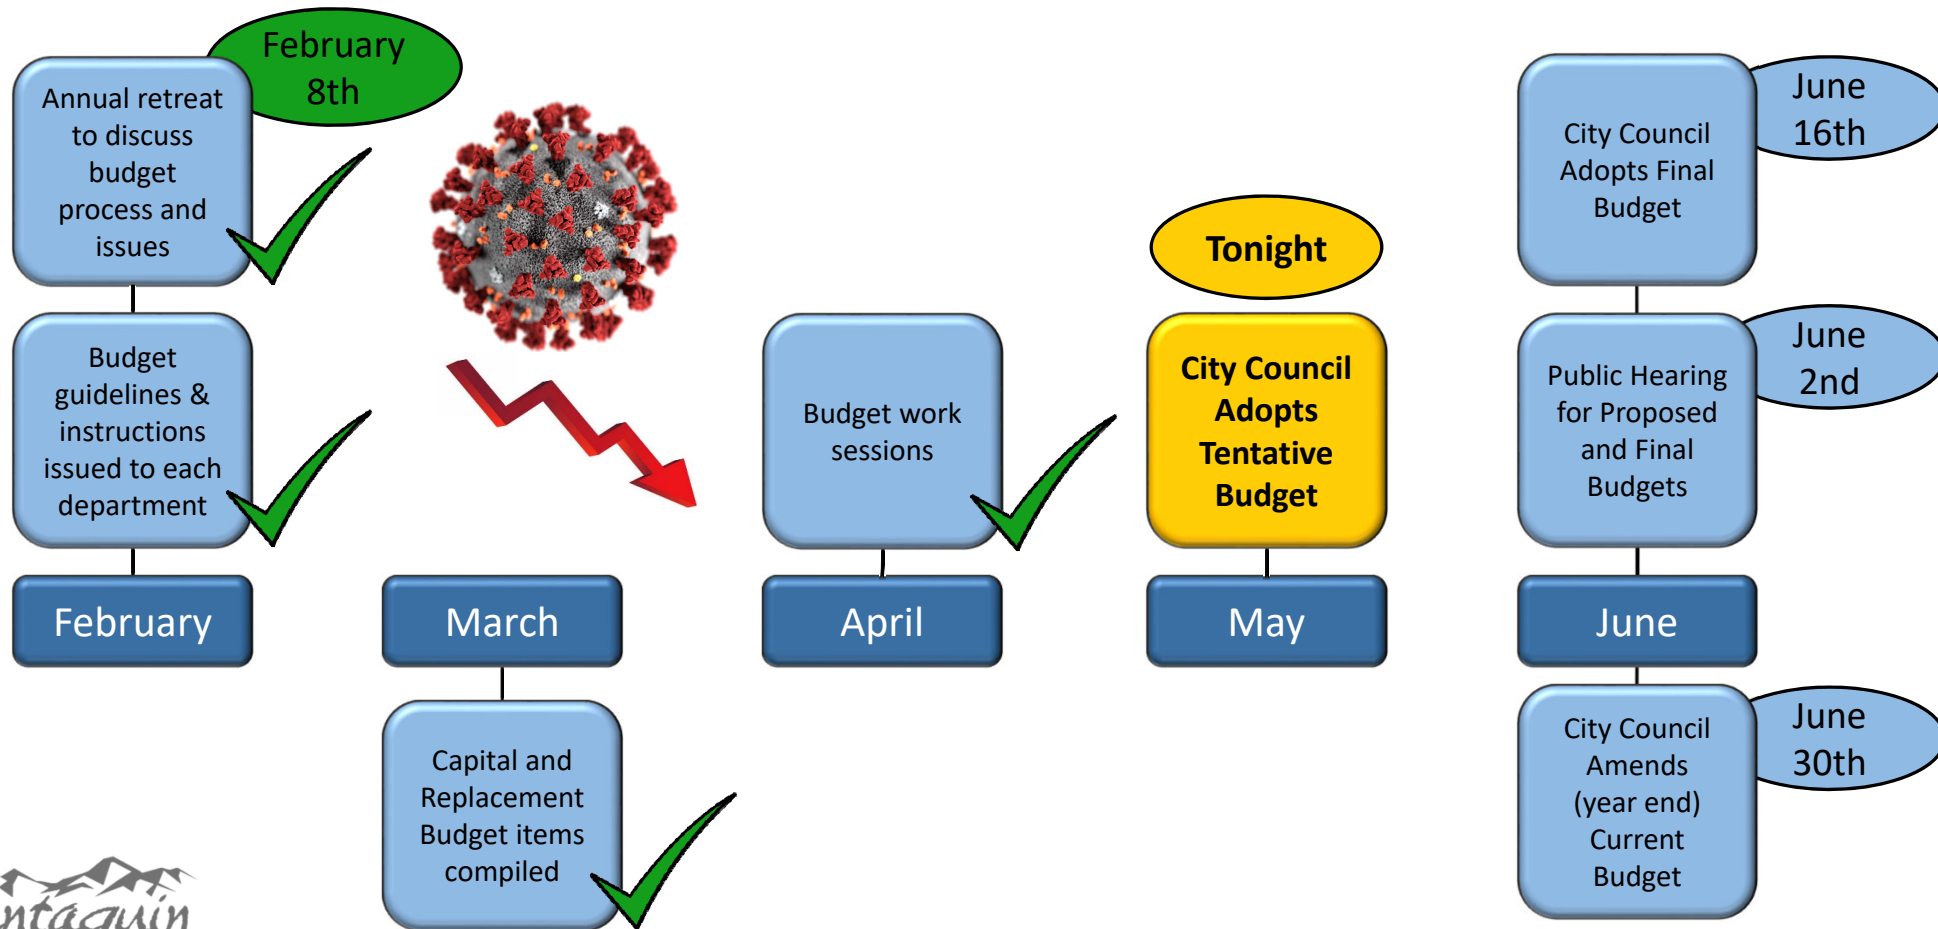

Santaquin City Budget

2020-2021

Budget Schedule

Two Budget Approaches

Maintain Projections

Cut if funding is not received

1. 5% Reduction Plan
2. 10% Reduction Plan
3. 15% Reduction Plan

Reduce Base Projections

Restore when funding is available

1. 5% Restoration Plan
2. 10% Restoration Plan
3. 15% Restoration Plan

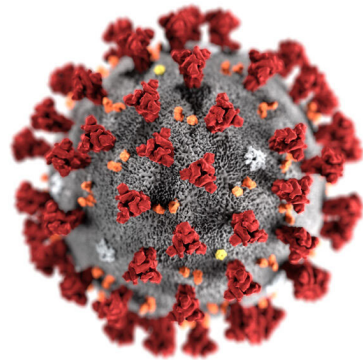

Conservative Approach

Initial Projections

- 22% Growth Rate in Sales Taxes
- 300-500 Growth Rate in Homes
- 800 Growth Rate in Platted Lots
- 8% Growth Rate in Property Taxes

Revised Projections

- 5.4%* Growth Rate in Sales Taxes
- 150 Growth Rate in Homes
- 250 Growth Rate in Platted Lots
- 8%** Growth Rate in Property Taxes

** Grocery store increases will offset statewide sales tax decline netting an overall increase of 5.4% estimated*

*** Growth Rate in Property Taxes has a 12 month delay. 8% is based upon last year's growth and is not reflective of this year's commercial (grocery store) and residential (this years home construction) growth.*

Prioritization

1. Maintain Debt Payment
2. Take Care of Existing Employees
 - a. Maintain Benefits
 - b. Maintain COLA
 - c. Hold New Hires/New Positions
 - d. Hold Merit Increases
 - e. Hold Travel/Conferences
3. Maintain Current Service Levels
 - a. Hold Service Enhancements

4. Postpone Purchases (where possible)
 - a. Vehicles
 - b. Equipment
5. Prioritize Project Funding
 - a. Leverage Grant Funding (match)
 - b. Dedicated Funding Sources
 - c. Prioritize Remaining Available Funds
 - d. Postpone Remainder

Review of Affected Projects

Key

Funded/Included

Time Only Project

On Hold

Completed

MEMORANDUM

To: Santaquin City Mayor & Council
From: Benjamin A. Reeves, Santaquin City Manager
Date: June 2, 2020
Subject: 9.a. New City Hall

Mayor & Council,

During the all-day budget planning session held on February 8, 2020 with the elected leaders and all of the department heads of the city, the city council had the opportunity to review the need for a New City Hall as well as eight proposed locations for said facility. From that discussion, the council determined the need for said facility as the highest priority capital project for Santaquin City. The council also had the opportunity to evaluate the eight options and limit them down to the two or three most viable options in which the city would continue its analysis and due diligence.

However, out of a desire to provide the public complete transparency throughout this process, we recommend that we revisit this presentation with the public to review the need, review the criteria used while evaluating the options, as well as review the poll results of the elected leaders and department head.

In short, the purpose of this agenda item is to catch the public up on these discussion by providing them the same presentation. Furthermore, the secondary purpose of this agenda item is to allow the opportunity for the council to discuss “next steps”.

Please let me know if you have any questions or concerns.
Thank you!

New City Hall Discussion

6/2/2020

History & Background:

During the 2020-2021 all day budget planning session, the city council met with all of the department directors of the city to evaluate operational and capital project needs in the upcoming year.

Out of the 48 capital projects evaluated, the construction of a new city hall was universally ranked as the highest priority project of the city.

Santaquin City - Potential Projects/Initiatives

2020-2021 Fiscal Year

Preserving our agricultural heritage while developing a clean, fun, family oriented community through well-planned growth and fiscal responsibility

Project/Initiative	Total Council Points	Council Rank	Total Staff Points	Staff Rank	Total Combined Points	Combined Rank
New City Hall - Space	144	1	268	1	412	1
General Plan Update	90	3	145	6	235	2
Employee Recruitment and Retention (PD) Initiative	68	8	152	5	220	3
SCADA Control Panel Upgrade	58	14	161	3	219	4
Rebuild Center Street North of Apple Valley Elementary	70	6	143	7	213	5
400 East 450 South Storm Water Project	92	2	101	13	193	6
WRF Bio Solid Disposal Change Approval (Landfill)	67	10	123	10	190	7
Cemetery Expansion - Option 1 - Pave New Road Way	63	12	126	9	189	8
Highland Drive/Canyon Road - In Design/Land Acquisition	70	5	111	11	181	9
Fire Bay Exhaust Upgrade Project	82	4	89	14	171	10

History & Background:

The planning to involve the public in this process began in early February.

However, when COVID-19 struck, the city was prevented from holding town hall meetings. As such, it was decided to place the project on a temporary hold.

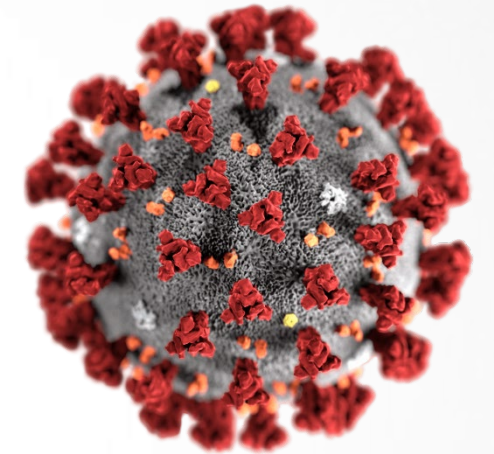

With the potential use of stimulus funding, and the potential to use federal grant funding for “shovel ready” projects, Santaquin City was prompted to take the necessary steps to secure project funding early to enable the city an ability to provide matching funds.

On May 19, 2020, the Santaquin City Council passed Resolution 05-01-2020 in order to fulfill the necessary steps to prepare itself financially, for yet unknown funding opportunities.

However, it has been, and continues to be, Santaquin City’s intent to continue with its planned public involvement process through site selection, design and construction.

Public Involvement:

Though unusual, Mayor Hunsaker directed that the May 16th City Council Meeting Agenda be published with a memorandum of explanation outlining the following:

- The Project Would Not Raise Fees or Taxes
- Project Benefits
- Why Now? (considering COVID-19)
- Financing
- Public Involvement

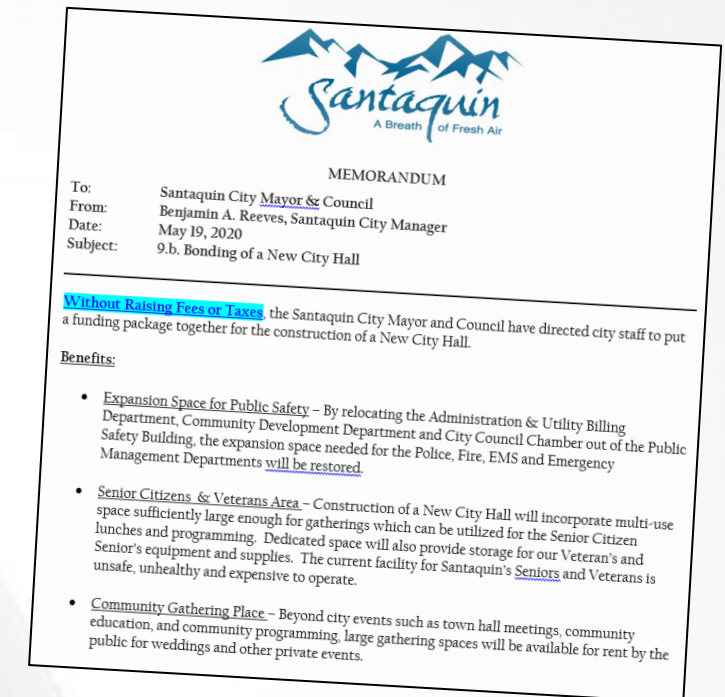

A Public Hearing has been scheduled and advertised for the June 16th City Council Meeting at 7pm

The public is also invited to participate by watching the city meetings on YouTube Live.

As COVID-19 restrictions are lessened, town hall meetings will also be reinstated.

*Lindon City Hall

Future Public Meetings

Future public meetings will be held as Santaquin City continues its efforts to:

- Solidify Funding
- Secure Project Site Selection
- Consider Design Elements
- Complete Preliminary Cost Estimating
- Bid the Construction, etc.

Social Media & Update Videos

Even after COVID-19 restrictions are lifted, Santaquin City will continue to keep the public involved and informed via Facebook and YouTube

Council Discussion

Does the next steps of this plan
meet your approval?

Is there any other direction from
the elected leaders at this time?

May 29, 2020

Mayor Kirk Hunsaker,

I, City Council Member Betsy Montoya, respectfully propose a restriction and modification to the Main Street Residential (MSR) zone regarding permitted and non-permitted multifamily development rights within said zone. I request that this item be placed on the agenda for City Council meeting on June 2, 2020 as an actionable item. I understand that there is a legal process for such action to be taken. I further understand that, with a positive vote of the City Council, this process may begin.

It is my desire to initiate this legal process by seeking City Council concurrence to respectfully request that the Planning Commission consider this proposal during an upcoming meeting, hold a public hearing on the matter, and provide the City Council their recommendation after considering the aforementioned request.

The changes I propose include the following:

1. That multi-family housing be **removed** as a permitted use in the MSR zone on any parcel 1-acre in size or smaller; and
2. That the development of flag lots be removed as a permitted use in the MSR zone; and
3. That Accessory Dwelling Units (ADUs) be **added as a permitted** use within the MSR zone, when built on the same lot as a single family home and meeting all requirements for safety, fire code and setbacks and requiring a building permit from the city.

Multifamily developments have been, and continue to be, a concern expressed by many in our community and I believe those concerns are shared by our elected and appointed officials. Many of the issues stem back to property rights established within our existing city code by previous elected and appointed officials going back a great many years. However, as a city matures, changes are needed and adjustments are warranted.

During my two-years on the council, we as elected and appointed officials, have taken the following steps to remedy and resolve these types of issues:

- Ordinance 04-02-2020 – Modifying acceptable ground cover in a planned unit development
- Ordinance 10-02-2019 – Designated design standards for masonry walls surrounding multifamily developments
- Ordinance 10-01-2019 – Approved General Plan update for moderate income housing
- Ordinance 09-03-2019 – Removed all multifamily housing development rights from the R-8 zone
- Ordinance 08-01-2019 – Requiring six-foot masonry wall around multifamily developments
- Ordinance 04-02-2019 – Requiring all review of the Architectural Review Committee (ARC) on all developments within commercial zones
- Ordinance 10-02-2018 – Rezone 18.3 Acres from Main Street Residential to Main Street Commercial along West Main Street
- Ordinance 09-01-2018 – Enhanced Infrastructure Warrantee Requirements on New Development

Just prior to my time on the council, yet while I was Chair of the Planning Commission, we as elected and appointed officials, took the following actions:

- Ordinance 10-01-2017 - Enhanced minimum parking requirement for multifamily developments
- Ordinance 09-03-2017 – Enhanced commercial development requirements along Main Street – Eliminating any multifamily development without a minimum 1st floor commercial component in the Central Business District and Main Street Commercial Zone
- Ordinance 07-01-2017 – Rezoning 7.96 Acres to Main Street Commercial and Main Street Residential Zones
- Ordinance 07-01-2016 – Enhanced Main Street development standards
- Ordinance 09-02-2015 – Enhanced multifamily development standards
- Ordinance 06-01-2015 – Enhanced requirements to install curb, gutter and sidewalk for multifamily developments within the core

It is my belief that the proposal to further restrict and modify multifamily development in the MSR, as outlined above, is in harmony with the actions taken by the City Council and Planning Commission over the past several years. I further believe that this proposal is in harmony with the intent of our current General Plan. Lastly, I believe it is a change that would be supported by the general public at large. It is for these reasons that I would like to have the City Council consider this request during our June 2nd meeting.

Sincerely and respectfully,

Council Member Betsy Montoya

Recommended Motion:

Motion to respectfully request that the Santaquin City Planning Commission consider these modifications to the MSR zone (as outlined below) during an upcoming meeting, hold a public hearing on the matter, and provide the City Council their recommendation after considering the aforementioned request.

The proposed changes to this zone include the following:

1. That multi-family housing be **removed** as a permitted use in the MSR zone on any parcel 1-acre in size or smaller; and
2. That the development of flag lots be removed as a permitted use in the MSR zone; and
3. That Accessory Dwelling Units (ADUs) be **added as a permitted** use within the MSR zone, when built on the same lot as a single family home and meeting all requirements for safety, fire code and setbacks and requiring a building permit from the city.

MEMORANDUM

To: Santaquin City Mayor & Council
From: Benjamin A. Reeves, Santaquin City Manager
Date: May 29, 2020
Subject: 9.c. Mehlhoff Rezone

Council,

Mayor Hunsaker and I had the opportunity to discuss the proposed rezone this morning during a phone conversation with Mr. Trent Mehlhoff and separately with Mr. John Dester. Both conversations were very pleasant and productive.

In short, we expressed that although the proposed residential development is very well designed and would be welcome in our community “generally speaking”, the location and timing of their specific proposal would likely result in a denial at the present time. We shared that, prior to considering a rezone of commercial to residential, we believe it is in the best interest of the city to complete the update to Santaquin City’s General Plan.

With that said, we invited Mr. Melhoff to put a “commercial” proposal together regarding the relocation of his business to Santaquin and share with us his concerns regarding any “barriers to entry” which might prevent his business from relocating (*e.g. prohibitive infrastructure costs*). While a rezone at this time would likely be denied, we expressed that the city remains open to discussions regarding ways we might help with the expansion of Santaquin’s commercial tax base.

Furthermore, we invited Mr. Dester to wait for the results of the General Plan update before moving forward with his residential proposal to ensure that his proposal is in compliance with said plan.

Please let me know if you have any questions or concerns.
Thank you!

Recommended Motion: Motion to deny the request to rezone the Mehlhoff Property (34 acres) from Commercial to Residential
