Mayor Crook reported that he had obtained a new police car through Tischner Ford. The "Buy Back" sale was Wednesday morning and this required an immediate decision. He said he tried to get approval from each Councilmember but could only make contact with Councilwoman Clayson and Councilman Fowkes and they each approved of the purchase. The car, a 1989 Taurus, had 21,000 miles and cost \$10,000. Total received from the Blazer was \$7,514 leaving a \$2,486 balance which would come from the Police Budget. He stated that he was transferring \$5,000 from Police Wages to Police Purchases, this would cover the cost and install the overhead light, siren, and etc.

Chief Ralph Coomes told the Council of the need for a telephone line in the Police Station. Councilwoman Clayson questioned this need, no decision was made.

Mayor Crook discussed the Contract prepared by attorney, Dallan Young, between Santaquin and Genola regarding the culinary water. He reviewed a letter from Richard Johnson, Santaquin City Attorney, accessing this contract and he recommended that the Council meet with Mr. Johnson before they sign the Contract. Councilman Broadhead stated that the telemeter line to the well cost \$88 a month. He proposed that the city put in their own line which would pay for itself in two and a half years. He suggested that the Council be considering this project.

Councilwoman Clayson reported that five acres could be bought from Harry Davis for the Gun Club at a cost of \$5,000. The consensus of the Council was this would be better than trading the gravel pit. She asked if money would be available. Mayor Crook said there was \$8,000 in the Capitol Improvement Fund that could be used for certain things. He agreed that the surveying could be done now in preparation for the purchase.
