

To the City Council,

On Aug. 23, 1977, the Santaquin Planning and Zoning Commission has voted unanimously to recommend that you approve the building permits for Mr. Ron Powell to allow him to continue building on the 2 lots purchased by him from Mr. Tom Horv. Our recommendation is based on the dates that his contracts were entered into. We believe he entered into them in good faith prior to the moratorium.

Robert L. Hales — Helen Kester
