

Minutes of Santaquin City Board of Adjustments meeting held 29 June 1993.

Present: Kurt Stringham, Susan Armstrong, Janet Kelley, Jeri Bascom, and petitioners Boyd and Debbie Hamilton. Absent were Sherman Jones and Glade Robbins.

Comments: *Mr. Hamilton*

Mr. Hamilton feels that the variance he is requesting is a reasonable request and that under his circumstances it represents a hardship. (Please see letter included) He feels there is no other place or size that would suit his needs. His home is located on a non-conforming lot. Mr. and Mrs Hamilton are excused.

The Board: As a whole it is felt by this body that this is not an unique situation as there are several in the city. It is felt that Mr. and Mrs. Hamilton's situation is neither unique or a hardship. It is possible for them to alter their plans or to not build at all.

It is proposed to not allow this variance. The vote is unanimous.

Jeri Bascom, Secretary
