

Minutes of Planning Commission meeting held at 68 East Main Street on May 24, 1988, at 8:00 P. M.

Present were members Ione Anderson, Kenneth Kelley and Lynn Smith. Minutes were recorded by Lynn Smith. Joyce Smith and Wade Garner were also present.

Meeting was called to order at 8:10 P. M. by Mrs. Anderson, acting chairman. There was no invocation.

Joyce Smith request for business license. Mrs. Smith will be conducting a telephone polling business from her home and needed a license. As she met all requirements for a home occupation she was given the license. Mr. Kelley motioned for acceptance and Mrs. Anderson accepted.

Wade Garner request for business license. Mr. Garner has a baseball card and related paraphernalia business. At the present time it is located in a small shed behind his house but will be in his house when he moves into his new house later this year. Since he has his business in an auxiliary building technically his license should be for a home industry which would cost more. Since Mr. Garner will be making very little money at this business he could not justify the extra money, especially since he would meet requirements for a home occupation when he moved his business into his home. Mr. Kelley moved that the license be granted, but that Mrs. Smith would check with Sherman Jones the City Councilman responsible for business licenses. Mrs. Anderson seconded the motion.

There was a general discussion on the purpose for business licenses and the amount charged for them. The general opinion expressed was the amount charged for the license should reflect the amount made by the business.

Mrs. Smith made motion for adjournment and was seconded by Mr. Kelley.

It was agreed that the next meeting would be when there was a need.

Adjourned at 8:45 P. M.

Kenneth D. Kelley
